Thank you for considering Stair Fittings, Inc. for your stair part needs. We are pleased to offer you the finest stair parts in the industry and hope that this catalog and pricing guide will assist you with your selections. Many items in the price guide are in stock and ready for immediate pick-up, shipment or delivery.

### **Product Information:**

**Stock Items:** We mill our linear product to the longest lengths possible. Oak, Maple and Cherry will range from 10 feet to 16 feet. Alder and Knotty Alder are generally 8 to 10 feet. We will do our best to fill orders to required lengths, but the customer is required to buy additional footages, in the event we do not have the exact length.

**Special Orders:** Custom orders are non-cancelable once production has begun. A 50% deposit is required at time of order placement.

**Wood Variation:** Color, tone, grain, sapwood, knots and mineral streaks occur naturally in wood. Although we do use FAS or better lumber and AWL grading guidelines, some variation will still be present. These variations should not be considered defects. Splits, checking and un-even machine marks are considered defects.

### **Sales Policies:**

**Terms:** All sales are COD unless sold to a House Account. House accounts may be established with credit approval. Terms are net 30 days. A 1.5% per month charge will be applied to all past due accounts. No Sales will be made to accounts with balances past due of more than 30 days, or a history of late payments.

**Returns:** All returns are subject to a 25% restocking charge. Special orders are non-returnable. All returns must be made no later than 30 days from the date of the original purchase, and must be accompanied by the original sales invoice. Credit will be given on sales items that are returned in perfectly sellable condition, and in their original boxes. Painted, primed, stained, dirty or cut material is not returnable. The customer is responsible for all freight charges on returns. All returns must be pre-approved.

**Defects:** We will replace any material found to be defective upon inspection. Replacement or credit is limited to material only. No credit or adjustments will be made for finishing or labor.

**Freight:** Customers are responsible for all freight charges (including back order shipments). UPS charges may be added to invoices and Common Carrier Shipments will be sent "collect." UPS freight damage must be reported to Stair Fittings immediately. Common Carrier freight claims are the sole responsibility of the customer.

**Other:** Stair Fittings reserves the right to change, modify or delete stock without advance notice. Prices and/or discounts are subject to change without notice.

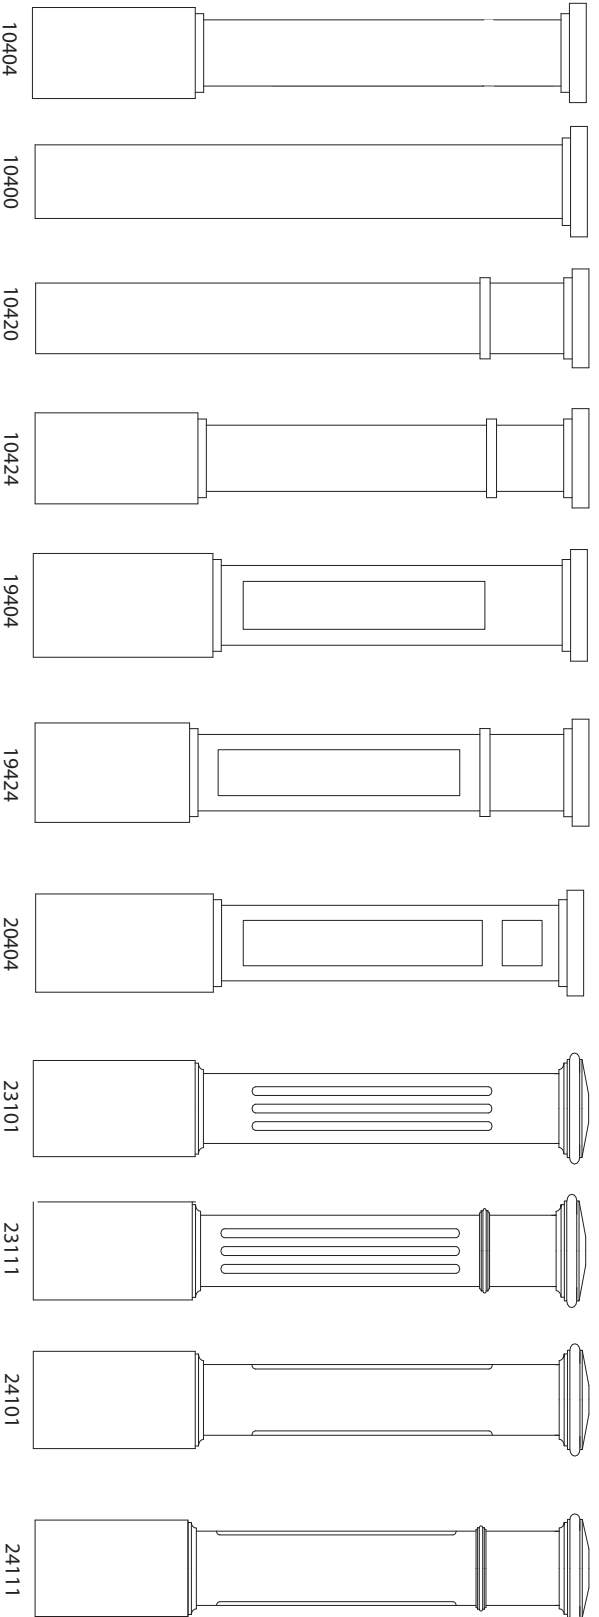

**Hours:** 7:00 A.M. to 5:30 P.M. Monday Thru Thursday. 7:00 A.M. to 12:00P.M. Friday
